EXPERIENCE

Mintable & Mintology

Singapore, Mar 2022 – Jul 2026

Product Owner / Scrum Master

Previously: User Growth Specialist, Community Manager cum QA, Community Manager

- Managed B2B and B2C customer operations for Mintology products across video consultations, onboarding sessions, user interviews, email, and Zendesk, supporting business clients and individual customers throughout the product lifecycle.
- Investigated and resolved complex escalations involving product, payment, wallet, subscription, and account issues, conducting root-cause analysis and coordinating resolutions with Product, Engineering, QA, and Operations.
- Analysed customer interviews, support cases, and recurring operational friction to drive product and process improvements, while developing FAQs, troubleshooting documentation, escalation workflows, and self-service resources.
- Led cross-functional product and operational improvements across AI-enabled, marketplace, payment, and subscription products, from requirements and prioritisation through UAT, release readiness, and post-launch optimisation.
- Improved delivery workflows, contributing to a **37.5% reduction** in average feature lead time and **20% increase** in team throughput.
- Improved feature adoption by **25%** through customer feedback analysis, onboarding improvements, user education, and post-launch optimisation.
- Supported AI-powered search and AI-assisted copyright detection initiatives through requirements clarification, workflow analysis, testing, and stakeholder coordination.

Accenture

Singapore, Dec 2020 - Feb 2022

Risk Operations Analyst

- Investigated high-volume fraud and scam cases, analysing behavioural patterns, risk indicators, and operational issues to determine appropriate resolutions and escalations while maintaining **95% accuracy**.
- Applied structured analysis, policy interpretation, and evidence-based decision-making while identifying workflow improvements to strengthen operational consistency and quality.

Student Coin

Singapore, Nov 2020 – Sep 2021

Community Relations Manager

- Managed **27 international communities**, increasing active participation by **40%**, while gathering recurring user feedback and escalating product and operational issues to internal stakeholders.
- Supervised and trained **20 moderators** and developed guidelines, FAQs, and structured escalation workflows to improve support consistency and issue resolution.

KOSH Consulting Group

Singapore, Oct 2020 – Jan 2021

Analyst Intern

- Led the Vietnam Norming Project, generating **150+** participant sign-ups within three days through targeted outreach and research design.
- Supported research planning, data collection, user behaviour analysis, and project coordination.

Bain & Company

Singapore, May 2020 – Oct 2020

Translator / Data Analyst / Literature Review Support

- Supported consulting engagements through business research, data analysis, translation, and synthesis of complex information into clear documentation for project teams.
