

MING CAT CHIA

Scrum Master & Product Owner

Singapore • chiamingcat@gmail.com • (+65) 9712 1396

[Ming Cat Chia — Product Manager & Product Ops](#)

Summary

Product Delivery and Operations professional with 4+ years of experience across product management, operations, customer engagement, quality assurance and business process improvement. Experienced in translating business and customer needs into actionable solutions, coordinating cross-functional teams and delivering digital products across marketplace, AI-enabled, fintech and e-commerce environments.

Track record of improving feature adoption by 25%, reducing delivery lead times by 37.5% and increasing team throughput by 20%. Background spans community management, user growth, QA testing, product ownership and logistics operations, providing a strong foundation in stakeholder management, problem solving and operational execution.

Native Vietnamese speaker with fluent English proficiency.
